

College of Architecture and Urban Studies

School of Public and International Affairs (SPIA) Bachelor of Arts in Public and Urban Affairs (PUA) Major – Smart and Sustainable Cities (SSC) For students graduating in calendar year 2022 & For student date of entry under UG Catalog 2020-2021

I. Pathways 45 Credit Hours II. PUA Degree Core 26 Credit Hours III. SSC Major 21 Credit Hours IV. Free Electives 28 Credit Hours

Total Required for Smart and Sustainable Cities Major 120 Credit Hours

Departmental Policies

Hours Requirement: A total of 120 hours is required to graduate with a PUA degree. Forty-seven (47) credit hours are required to complete the Smart and Sustainable Cities (SSC) major (Section II + Section III).

In-major GPA: All of the courses in sections II and III are included in the in-major GPA calculation. A GPA of 2.0 or above (overall and in-major) is required for graduation.

Satisfactory Progress: To make satisfactory progress within the SSC major, students must complete UAP 1024, PSCI 1014, SPIA 2114, STAT 3604, and SPIA 2244 by the end of the semester in which 60 hours have been attempted; and maintain an in-major GPA of 2.0. **Dual Use of Courses:** No course can double count within or between SPIA-related majors or minors with the exception of the PUA Core Degree Requirements (Section II below). In accordance with university guidelines, courses satisfying degree core requirements may not be used to satisfy other areas of a degree (e.g. Pathways).

Intra-SPIA Program majoring and minoring: Students may pursue more than one major or minor associated with the School of Public and International Affairs Program. In this case, the policy pertaining to the "Dual Use of Courses" will apply.

Prerequisites: Some courses listed on this checksheet have prerequisites. Be sure to consult the University Catalog and/or check with your advisor regarding course planning.

I.	Pathways Requirements (45 credit hours)	
	Pathway 1- Discourse (9 credits)	☐ ENGL 1105
	ENGL 1105-1106 First-Year Writing (1f)	□ ENGL 1106
	3 credit hours from 1a	П
	Dathway 2 Critical Thinking in the Humanities (6 gradity)	
	Pathway 2- Critical Thinking in the Humanities (6 credits) 3 credit hours must be from either:	<u> </u>
	PHIL 1304 Morality and Justice or PHIL 2304 Global Ethics	Ш
	Pathway 3- Reasoning in the Social Sciences (6 credits)	П
	ECON 2005-2006 Principles of Economics or	
	AAEC 1005-1006 Economics of the Food and Fiber System	□
	Pathway 4- Reasoning in the Natural Sciences (6 credits)	
	No Labs are required	

F	Pathway 5- Quantitative and Computational Thinking (9 credits) MATH 1014 Precalculus with Transcendental Functions (5f), 3 additional credit hours from 5f, and SPIA 4464 Data and the Art of Policy-Making and Planning (5a)		☐ MATH 1014
