RE: Discontinuation of the Family and Consumer Sciences Major

Per university policy, please accept this letter in support of the discontinuation of the Family and Consumer Sciences Major in the College of Liberal Arts and Human Sciences' Department of Apparel, Housing, and Resource Management.

Justification for Discontinuation:

The Family and Consumer Sciences Major prepares graduates to teach students, families, and communities about their well-being, relationships, and use of resources. The major offers courses in areas including financial security, housing, nutrition, health and wellness, personal and family relationships, and sustainable quality of life. Unfortunately, enrollment has remained low for many years and efforts to growth the major have proven unsuccessful. This, coupled with a curriculum that no longer aligns well with the teaching and research interests of existing faculty, have prompted the Department of Apparel, Housing, and Resource Management to discontinue the major.

Teach-Out Plan:

All of the courses in the Family and Consumer Sciences Major are required courses or controlled electives in other majors on campus. As such, there is no plan to stop offering them once efforts to discontinue the Family and Consumer Sciences Major commence. In the event of course termination unexpectedly, the Department of Apparel, Housing, and Resource Management will work with students to identify appropriate substitutions.

Previously Approved Program Requirements:

The Family and Consumer Sciences Major Checksheet for Students Graduating in the Calendar Year 2021 accompanies this letter as a summary of program requirements.

Best,

RE: Addendum to Discontinuation of Family and Consumer Sciences Major

Teach-Out Plan:

Family and Consumer Sciences major currently has 7 students enrolled. The last term/year for students to enroll in the Family and Consumer Sciences major will be Summer 2021 and the last term/year for students to graduate will be Spring 2024.

Students will have the option to change their major within the College of Liberal Arts and Human Sciences or to other majors within the university should they be eligible. Additionally, a student that cannot complete the Family and Consumer Sciences major by Spring 2024, may transition to another major within the College of Liberal Arts and Human Sciences or another viable major on campus. The Apparel, Housing, and Resource Management academic advisor will assist all students through the transition process.

The discontinuation of the Family and Consumer Sciences major will be communicated to students through academic advising and will be communicated to faculty and staff through faculty and staff meetings.

Best,

Chelsey Hancock
Academic Advisor
