October 14th, 2021

TO: Governance Committees and University Registrar

FROM: Devi R. Gnyawali, Department Head, Management

SUBJECT: Change of Option to Major: Entrepreneurship, Innovation, & Technology Management

Currently, Entrepreneurship, Innovation, and Technology Management (EIT) is an option within the Management major under the BS in Business degree. The EIT option was approved by the university in 2000 effective for the graduating class of 2003.

The EIT specialization is one of three main specialized areas in the Department of Management. In addition, Entrepreneurship and Innovation is one of the Strategic Pillars of the Pamplin College of Business. The EIT option helps students develop a culture of entrepreneurship, increase their engagement in new venture creation, and develop the entrepreneurial mindset and skillset necessary to start and succeed in new ventures. Virginia Tech emphasizes entrepreneurship education and research through its Creativity and Innovation "Destination Area."

The quality and rigor of the EIT curriculum are key contributors to Virginia Tech's ranking of top 25 in the Princeton Review's ranking of undergraduate entrepreneurship programs in 2021. The national ranking is an exciting recognition for the hard work and progress made by our entrepreneurship faculty and staff to build a world-class entrepreneurship program.

There are a number of significant advantages of converting the EIT option to a major:

- Increasing the visibility and appeal of the EIT major to both prospective students as well as employers who seek students with specific interests and training
- Allowing students to emphasize and display to prospective employers their interests and training in EIT. Only majors are displayed on diplomas, not options
- Developing additional management curriculum that focuses more directly on the content of the EIT major
- Directing management students from the beginning of their time at VT toward activities, clubs, and internships that are focused on EIT

- Gaining additional recognition from external sources for our expertise and strengths in EIT.
- Facilitating our ability to gather data on students completing the EIT major to help fine tune curriculum, communicate with students, provide more accurate placement statistics, and stay connected with student alumni

Currently, the EIT option has 210 students. With a change to a major, we expect a modest initial increase in students choosing this major. Over time we anticipate that the number of students will increase as the advantages listed above begin to take effect.

There will be some additional costs, such as additional reporting and administrative costs, but these costs are considered minimal compared to the benefits to our students.

In submitting this proposal, we consulted with the Associate Registrar for Academic Governance, Mr. Gary Costello. The Department of Management's Undergraduate Curriculum Committee approved the proposal, and it has received the approval from the departmental faculty as a whole. The Management department is proposing that we revise the EIT option to a major under the BS in Business degree.

1. A new checksheet for a major is attached for approval that will be effective for undergraduate students entering in Fall 2022. *(first term to enroll summer 2022).*
2. ~~No courses are being added or changed in converting the option to a major.~~ The new major in EIT consists of 125 hours, the same as the current Management major with an EIT option. *8-1-28-22*
3. All students in Management will be informed of this change. The EIT major will be communicated to students through the Admissions website and through college and department listservs. It will also be published on the department's website and on social media. *MGT 2114 was added to year 2 - Spring semester 8-1-28-22*
4. The Management department needs no additional resources for changing the EIT option to a major.
5. Since no new courses are being added or changed, other departments will not be affected by this move from an option to a major.
6. If approved, new students will apply directly for the Entrepreneurship, Innovation, and Technology Management major beginning in the 2022-2023 academic year.
7. Students currently in the EIT option will be eligible to change to the Entrepreneurship, Innovation, and Technology major once it is in place. Since there are no changes to the checksheet courses associated with this change, we expect that the transition can be accomplished without difficulty. The final semester for students to declare the EIT option is Spring 2022. The final semester students can graduate with the EIT option is Fall 2027.

The following required documents are attached:

- I. Coversheet

- II. A checksheet for the new major effective for UG students entering in Fall of 2022
- III. The previously approved 2021-2022 checksheet for the EIT option
- IV. A memo from the Management department head asserting that no new resources will be required for the new major

RE: Entrepreneurship, Innovation, & Technology Management (EIT) Major

Conversion of the Entrepreneurship, Innovation, & Technology Management (EIT) Major option to a major

The Department of Management supports the conversion of the Entrepreneurship, Innovation, & Technology Management (EIT) option to a major within the department. This change will not require any additional resources.

Please let me know if you have any questions.

Sincerely

GENERAL INFORMATION	
A total of <u>125 credit hours</u> is required for graduation. Any exceptions to this curriculum must be approved by the student's department head and Associate Dean for Pamplin Undergraduate Programs.	
Foreign Language Requirement: Students who did not successfully complete at least two years of a single foreign, classical, or sign language during high school must successfully complete six credit hours of a single foreign, classical, or sign language at the college level. Courses taken to meet this requirement do not count towards the minimum credit hours required for graduation. Please refer to the Undergraduate Catalog for details.	
Pre-requisites: Students are responsible for ensuring they have met necessary pre-requisites for all courses. Courses with pre-requisites are noted with * (e.g. *BIT 2405). Please refer to the Undergraduate Catalog or academic advisor.	
Transferring Courses: Requirements and procedures for transferring courses are available http://pampl.in/transfercreditsteps	
Overall and In-Major GPA: Students must have an overall GPA of 2.0 and an in-major GPA of 2.0 to graduate. Courses used to calculate the in-major GPA are noted with a # (e.g. #MGT 3404).	
Policy 91: University policy requires a student to make satisfactory academic progress towards a degree in order to remain enrolled at the institution (see footnote 1). Students are responsible for reading and understanding Policy 91 in accordance with Pamplin policies http://pampl.in/policy91	
DEPARTMENT INFORMATION	
Management courses which can be taken as free electives are listed below:	
*MGT/BIT 2404: Multicultural Problem Solving & Analytics MGT 3014: Career Planning Strategy for Management Majors *MGT 3164: Current Topics in Entrepreneurship *MGT 3344: Employee & Labor Relations *MGT 3424: Human Resources Staffing & Development	MGT 3444: Multicultural Diversity in Organizations *MGT 3754: Management Internships & Career Development MGT/PHIL 4324: Business & Professional Ethics *MGT 4414: Compensation & Performance Management

¹Policy 91: Pamplin students in a business degree program must complete eight business courses (ACIS 1504, MATH 1524, ACIS 2115-2116, BIT 2405-2406, and ECON 2005-2006) with a grade of C- or higher by 72 attempted credit hours (or 90 attempted credit hours for students with more than 18 transfer credits). Students who have not met the requirements will be notified upon reaching 72 (or 90) credit hours that they must complete the missing course(s) in the next term(s) of enrollment. Failure to do so may result in the student's dismissal from the business degree program. This policy is strictly enforced.

²Graduation requirement: Students must achieve a grade of C- or higher in select business courses (ACIS 1504, MATH 1524, ACIS 2115-2116, BIT 2405-2406, ECON 2005-2006, MGT 1104, HTM or MGT 2314, MGT 3404, MKTG 3104, FIN 3104, FIN 3054, BIT 3414, and MGT 4394)

³COMM 2004: Public Speaking is required for Entrepreneurship, Innovation, and Technology majors who did not take COMM 1015-1016: Communication Skills. If ENGL 1105-1106: First-Year Writing are taken, COMM 2004 will satisfy the Pathway 1A: Advanced Discourse requirement. If COMM 1015-1016 are taken, students may use MGT 4334: Ethical Leadership to satisfy the 1A requirement.

⁴Business Information Technology (BIT) majors who are double majoring in Entrepreneurship, Innovation, and Technology may substitute BIT 4484: Project Management for MGT 2114.

⁵MGT 4334: Ethical Leadership will satisfy the Pathway 7: Critical Analysis of Identity & Equity in the U.S. requirement.

DEPARTMENT INFORMATION

Management courses which can be taken as free electives are listed below:

*MGT/BIT 2404: Multicultural Problem Solving & Analytics

MGT 3014: Career Planning Strategy for Management Majors

*MGT 3164: Current Topics in Entrepreneurship

*MGT 3344: Employee & Labor Relations

*MGT 3424: Human Resources Staffing & Development

MGT 3444: Multicultural Diversity in Organizations

*MGT 3754: Management Internships & Career Development

MGT/PHIL 4324: Business & Professional Ethics

*MGT 4414: Compensation & Performance Management

¹ Policy 91: Pamplin students in a business degree program must complete eight business courses (ACIS 1504, MATH 1524, ACIS 2115-2116, BIT 2405-2406, and ECON 2005-2006) with a grade of C- or higher by 72 attempted credit hours (or 90 attempted credit hours for students with more than 18 transfer credits). Students who have not met the requirements will be notified upon reaching 72 (or 90) credit hours that they must complete the missing course(s) in the next term(s) of enrollment. Failure to do so may result in the student's dismissal from the business degree program. This policy is strictly enforced.

² Graduation requirement: Students must achieve a grade of C- or higher in select business courses (ACIS 1504, MATH 1524, ACIS 2115-2116, BIT 2405-2406, ECON 2005-2006, MGT 1104, HTM or MGT 2314, MGT 3404, MKTG 3104, FIN 3104, FIN 3054, BIT 3414, and MGT 4394).

³ If MGT 4334 is double-counted to satisfy the advanced/applied discourse requirement, students must take a free elective to meet the 125-credit hour requirement.

⁴ MGT 4334 will satisfy the Critical Analysis of Identity & Equity in the U.S. pathway requirement.

⁵ COMM 2004: Public Speaking is required for all MGT majors who did not take COMM 1015-1016: Communication Skills. If ENGL 1105-1106 are taken, COMM 2004 will satisfy the advanced/applied discourse requirement. If COMM 1015-1016 are taken, students may use MGT 4334 to satisfy the advanced/applied discourse requirement, but then must take a free elective to meet the 125-credit hour requirement.

Hello Devi, November 17, 2021

SUBJECT: Resource Letter for new Management options being switched to Management majors.
The ACIS department supports inclusion of ACIS 1504, 2115-2116, 2504 as courses in the new Management majors as described below. The ACIS department requires no additional resources for inclusion of these courses.

Subject: Approval to continue with ACIS courses

Dear Jack,

Department of Management is proposing to shift its current options/concentrations to majors. I am attaching four proposals that describe this change. ACIS 1504, 2115, 2116, AND 2504 are listed on the checksheets for our previously approved options/concentrations. I request your approval to include the course in the proposed new majors.

We do not expect significant change in the number of students pursuing the proposed new majors compared to our previous Management options/concentrations in the short term. The proposed majors have been approved the

Undergraduate Committees in the Department of Management and the Pamplin College. Although the courses included on the proposed major checksheets are the same as those on the previous checksheets for our options/concentrations, the Registrar is requiring that we include letters of support from all departments listed on the proposed new major checksheets.

Would you please send me a note stating that you have been made aware of the Management Department's proposed changes from its current options/concentrations to majors and that your department continues to support inclusion of ACIS 1504, 2115, 2116, AND 2504 on our proposed new major checksheets?

I would very much appreciate your help with this matter. Please contact me if you have any questions or concerns.

Sincerely,

Devi

Dear Sudipta

Department of Management is proposing to shift its current options/concentrations to majors. I am attaching four proposals that describe this change. ECON 2005-2006 are listed on the checksheets for our previously approved options/concentrations. I request your approval to include the course in the proposed new majors.

We do not expect significant change in the number of students pursuing the proposed new majors compared to our previous Management options/concentrations in the short term. The proposed majors have been approved the Undergraduate Committees in the Department of Management and the Pamplin College. Although the courses included on the proposed major checksheets are the same as those on the previous checksheets for our options/concentrations, the Registrar is requiring that we include letters of support from all departments listed on the proposed new major checksheets.

Would you please send me a note stating that you have been made aware of the Management Department's proposed changes from its current options/concentrations to majors and that your department continues to support inclusion of ECON 2005-2006 on our proposed new major checksheets?

I would very much appreciate your help with this matter. Please contact me if you have any questions or concerns.

Thank you

Dear Devi:

The Finance Department supports all 4 MGT proposals and has no objection to including any FIN courses in those programs of study. No additional resources are required. Please use this generic letter of support for the 4 proposals. Thank you for including FIN courses.

Dear Colleagues:

The Department of Mathematics supports the inclusion of MATH 1524: Business Calculus in the follow majors being converted from options by the Department of Management:

Management
Entrepreneurship, Innovation, and Technology Management
Human Resource Management
Management Consulting and Analytics

Since the new majors already exist as options, we expect to be able to teach MATH 1524 for these majors with no additional resources.

Best regards,

MEMORANDUM

TO: Curriculum Committee
FROM: Dr. Rajesh Bagchi, Department Head of Marketing
DATE: November 18, 2021
RE: Department of Management New Majors

The Marketing Department has been made aware of the proposed changes to the Management Department's concentrations in converting to majors. The Marketing Department will continue to support inclusion of MKTG 3104 on the newly proposed major checksheets.
