

COLLEGE OF AGRICULTURE AND LIFE SCIENCES  
CHECKSHEET for a **MINOR** in **INTERNATIONAL AGRICULTURAL AND LIFE SCIENCES**

Offered by Academic Programs in the College of Agriculture and Life Sciences

For student date of entry under UG catalog 2021-2022

The minor in *International Agricultural and Life Sciences* focuses on the environmental, socioeconomic, and political challenges faced by small-scale farms/farmers across the world. The minor offers the opportunity for Study Abroad, which is designed to support students interested in studying agriculture, or completing an international-focused independent study to introduce students to the unique complexities of international agriculture.

Each requires the completion of 18 credits, and all courses must be taken and passed on an A-F basis unless only offered on P/F basis.

**REQUIRED COURSES (choose at least 6 credits)**      **<sup>p</sup> = Pathways Course**
