

COLLEGE OF NATURAL RESOURCES AND ENVIRONMENT (CNRE)
Department of Geography
Minor in Meteorology (MTRG)
*For students graduating in calendar year 2022 and for
student date of entry under UG Catalog 2020-2021*

A minimum of 21 credit hours to include:

Required Courses (12 credits)

- _____ GEOG 1514 Introduction to Meteorology (3)
- _____ GEOG 1524 Intro Earth's Climate (3)
- _____ GEOG 2505 Weather Analysis I (3)
- _____ GEOG 2506 Weather Analysis II (3)

Geography/Meteorology Restricted Elective Courses (9 credits)
Choose 3 courses:

- _____ GEOG/WATR 2004 Water, Environment and Society (3)
- _____ GEOG 3274 Polar Environments (3)
- _____ GEOG/CSES/GEOS 3304 Geomorphology (Pre: 1104 or GEOS 1004 or GEOS 2104) (3)
- _____ GEOG 3404 Mountain Geography (Pre: 1104) (3)
- _____ GEOG 3504 Severe Weather (Pre: 2505) (3)
- _____ GEOG/BIOL 4044 Biogeography (Pre: 1104 or BIOL 2804) (3)
- _____ GEOG/GEOS 4134 Issues & Ethics in Water Resources (3)
- _____ GEOG 4224 Tracking Environmental Change (Pre: Junior standing) (3)
- _____ GEOG 4514 Tropical Meteorology (Pre: 2506, 3504) (3)

Note: Upon declaring the MTRG minor, students who are majoring in Geography may no longer use any of the "Required Geography Courses" above (GEOG 1514, 1524, 2505, and 2506) towards their GEOG major requirements. These courses may apply only toward the MTRG minor.

A minimum overall GPA of 2.0 in these courses is required to complete the minor.

All minors must include 6 or more credits at 3000 level or above.

All courses must be taken for an A-F grade unless they are only offered P/F.

Steps for completing the Meteorology Minor

- Declare minor using a 'Major/Option/Minor Form' found in the CNRE Advising Center, 138 Cheatham Hall.
- Include minor information when updating the application for degree in Hokie Spa.
- Students cannot graduate until they have either (1) satisfied the requirements for the minor or (2) withdrawn from the minor by notifying CNRE Academic Programs office in 138 Cheatham and revised their DARS.
